Essentia Regenerating Liquid Blur Foundation

Product description

ESSENTIA is more than a foundation — it's a transformative experience. Designed with a hybrid texture that fuses makeup performance with skincare sensoriality, it delivers high coverage in a weightless serum consistency. Upon application, the fluid veil melts effortlessly into the skin, then transforms into a refined luminous powdery finish. This metamorphosis creates a sophisticated velvet effect that smooths imperfections and envelops the complexion like a luxurious coat.

ESSENTIA combines innovation and elegance, offering the power of flawless coverage with the comfort of a skincare ritual, leaving the skin perfected, protected, and irresistibly refined.

Claims & Benefits

3-Step ZIP Cushion: Moisture compression, coverage lock, and release for long-lasting hydration and glow. **Dual-compression Aqua Zip Technology:** Provides intense hydration and natural radiance without greasiness. **Proven Efficacy:** Clinically proven 99.31% makeup retention after 6 hours and 13.5% improvement in radiance. **Cooling Effect:** Instantly cools the skin for a refreshed, radiant look. **Core Ingredient:** Aqua Golding Powder enhances moisture retention, perfect for hot or dry environments.

Ctkclip

Noi 100 Natural CC Foundation

Product description

The NOI 100 Natural CC Foundation is the world's first CC/base makeup to achieve a Natural Origin Index (NOI) of 100. Unlike typical “clean” foundations that compromise on performance, it delivers hydration, tone correction, coverage, and soft-focus blurring using only naturally derived ingredients. A proprietary oil structuring system ensures lightweight stability, while natural humectants retain deep hydration. Silica microspheres diffuse light to minimize pores and fine lines, creating a smooth, even complexion. Free from PEGs, silicones, and synthetic preservatives, this innovation proves that 100% natural base makeup can rival conventional performance, defining a new category in clean beauty.

Claims & Benefits

- Hydration: Lightweight yet long-lasting moisture from natural oils & humectants -
- Coverage & Tone Correction: Even, buildable finish that enhances natural complexion -
- Soft-Focus Effect: Natural silica blurs pores & fine lines for a flawless look -
- Clean & Safe: 100% natural origin (NOI 100), vegan, PEG- and silicone-free -
- Multi-Performance: Combines hydration, tone correction, barrier support, and coverage in one step.

kOnirica COSMETICS

KONIRICA COSMETICS CO LTD

Multi Vitaminic Radiance Foundation

Make-up Formula | Finalist

Konirica Cosmetics Co Ltd Multi Vitaminic Radiance Foundation

Product description

Multi Vitaminic Radiance Foundation was born from the vision to merge makeup performance with skincare efficacy. Developed through concept testing and cold-process innovation, it redefines foundation with a water-free double gel system and vegetable emollients. Designed to meet growing consumer demand for multifunctional, radiant, and comfortable complexion products, the formula aligns with clean beauty principles.

Claims & Benefits

- Buildable coverage with fluid texture -
- Lightweight, soft, non-greasy finish -
- Long-lasting and transfer-resistant wear -
- True radiance with satin-like luminosity -

Skincare benefits through multi-vitamin infusion - High skin tolerance, comfortable all day - Cold-process formulation preserving active integrity - Water-free technology reducing environmental impact

TAIR JIUH ENTERPRISE CO LTD

Ionic Filmless Whipped Jelly Powder

Make-up Formula

Winner

Tair Jiu Enterprise Co Ltd Ionic Filmless Whipped Jelly Powder

Product description

Born from “cloud-skin, skin-first” insights, Ionic Filmless Whipped Jelly Powder morphs from jelly to airy mousse to soft-matte powder. Multi-use: primer, skin tint, foundation, lip-cheek mousse. Positive-charge adhesion delivers weightless, waterproof wear, easy soap removal, and seamless layering. 75% water gives cooling comfort; 1% Tainan rice ferment and peptides support barrier and hydration. Sensory panels validated blur and all-day hold. The name highlights ionic, filmless JCP tech and whipped jelly texture. Winner, 2025 Makeup in New York Formulation Award.

Claims & Benefits

1. Cloud-skin finish: jelly→mousse→soft-matte powder; seamless blur, breathable.
2. Long-wear, waterproof via positive-

charge adhesion; no film formers. 3. Easy removal with soap; won't clog pores; layerable coverage. 4. 75% water, cooling comfort; 11% oil for a lightweight feel. 5. 1% active complex (Tainan rice ferment + peptides) helps maintain barrier and hydration. 6. Clinically proven: +44% smoothness, +53% brightness, -27% wrinkles. 7. Multi-use: primer, skin tint, liquid foundation, lip-cheek mousse. 8. Clean & kind: 96% natural (92.4% COSMOS), vegan, silicone/talc/microplastic-free. 9. Low-carbon, room-temp process; recyclable bio-based green-PP packaging.

Ikure Pharm & Cosmetics Inc NMN Sleeping Mask

Product description

This next-generation nighttime cream combines NMN's cellular energy-boosting power with phyto-serotonin from banana and phyto-melatonin from jujube to support the skin's circadian rhythm and promote holistic skincare benefits like stress relief and overnight renewal. Ivy extract aids adipose regulation for improved firmness. Its semi-emulsified texture absorbs quickly, offering the light feel of a gel with the deep nourishment of an emulsion. Ideal for all skin types seeking advanced, science-driven nighttime care.

Claims & Benefits

This lightweight gel cream delivers a fresh, non-greasy finish, enriched with multi-vitamin beads that dissolve upon application to nourish and revitalize skin.

It features plant-derived extracts from banana, jujube, and ivy, enriched with melatonin and serotonin to support the skin's natural circadian rhythm and promote restful sleep cycles essential for overnight recovery. The formula provides deep hydration, improves wrinkles, offers anti-aging protection, and enhances skin firmness for a visibly healthier, youthful complexion. Perfect for all skin types, this next-generation nighttime treatment supports the skin's natural healing while leaving it refreshed and radiant by morning.

Cica Bounce Enzyme Powder-To-Pack Wash

Product description

The Cica Bounce Enzyme Powder to Pack Wash introduces a new cleansing category as the first sulfate-free powder cleanser combining real Centella leaves with papaya and pineapple enzymes. When mixed with water, it transforms into an elastic, mochi-like pack that adheres to skin, boosting enzymatic exfoliation while soothing irritation. Unlike traditional cleansers with over 90% water, this waterless formula is composed entirely of active ingredients. A 100g size requires only 1g per wash, ensuring long-lasting freshness and effective use. Its dual function as both wash and pack offers versatile, multi-benefit care.

Claims & Benefits

- Powder-to-Pack Innovation: Elastic morphing texture that adheres like a pack, cleanses like a wash
- Real Nature: Real Centella Asiatica leaves for visible soothing care
- Dual Enzymes: Papaya & pineapple enzymes gently exfoliate and refine skin
- 2-in-1 Care: Works as both a daily face wash & nourishing pack
- Clean & Safe: Sulfate-free, vegan, cruelty-free, PEG-free; ideal for sensitive skin
- Eco-Forward: Powder format reduces water consumption in production & shipping.

Foldable Skincare Activator

Nuon LLC

Foldable Skincare Activator

Product description

The Foldable Skincare Activator was designed to unite advanced skincare technologies with a practical, hygienic form. Consumer insights guided the creation of a compact device with a rotating cover for protection and portability. The name reflects both innovation and functionality. Combining red light therapy, EMS, microcurrent, and vibration, it enhances skin renewal, firmness, and product absorption in one easy-to-use tool. Recognized with the Skin Anarchy Award in 2025, this product demonstrates how technology and design can elevate daily skincare rituals, meeting modern needs for efficacy, hygiene, and convenience.

Claims & Benefits

The Foldable Skincare Activator delivers

multiple skincare benefits in one compact tool. Red light therapy supports skin renewal and radiance, while EMS and microcurrent enhance firmness and facial contouring by stimulating underlying muscles. Vibration technology promotes deeper absorption of creams and serums, maximizing formula efficacy. The foldable rotating cover ensures hygiene, protecting the treatment head from dust and damage for safe daily use. Portable and easy to use, it offers professional-level treatments at home or on-the-go, helping consumers achieve healthier, firmer, and more radiant skin with convenience and confidence.

Product description

Designed for a new era of sustainability, our ALL-PP mono-material packaging delivers elegance and eco-efficiency in one. By using natural matt PP resin, we achieve a premium finish without coating or secondary processes—cutting waste, cost, and environmental impact. The structure ensures residue-free use, full recyclability, and effortless disposal anywhere. With a wide range of adaptable designs, brands can seamlessly align packaging with their concept while meeting consumer demand for convenience and responsibility.

Claims & Benefits

Our ALL-PP mono-material packaging ensures true recyclability and effortless disposal, aligning with global sustainability demands. By using natural

matt PP resin, it achieves a premium finish without coating or secondary processes, reducing environmental impact and production costs. Its residue-free structure enables complete product usage, maximizing consumer satisfaction while minimizing waste. A wide portfolio of adaptable designs allows seamless integration with diverse brand concepts. Combining eco-efficiency, functionality, and elegant aesthetics, this packaging offers a forward-looking solution that meets both brand and consumer expectations in the evolving landscape of sustainable design.

SeaCALM - Microbiome Balance
Biomimetic Anti-redness solution

Product description

Developed to unite high-efficacy protection with user safety, this sunscreen answers demand for holistic defense—UVA/UVB, blue light, and pollution—without heaviness or irritation. Ausmetics engineered double encapsulation: UV filters are microencapsulated in a silicone oil phase to minimize skin penetration, while water-phase capsules carry astaxanthin and rutin for antioxidant support and a natural tint. Lab and consumer testing refined a clear, weightless jelly texture with a non-greasy feel and subtle tone boost. It has been showcased at industry conferences (the formulation was presented at IFSCC 2025 Congress), earning praise for its scientific innovation.

Claims & Benefits

1. Broad-spectrum defense: SPF50, PA++++; 0.5% rutin blocks >90% blue light <430 nm. 2. Safer, non-penetrating: Encapsulated filters stay on skin; after 6 h only trace in outer stratum corneum. 100% no irritation in patch tests. 3. Anti-pollution shield: Forms a film; after PM2.5 exposure and rinsing, treated skin showed almost no residue vs significant on untreated controls. 4. Tone correction & tints: Sheer green (rutin) for redness, golden-orange (astaxanthin) for radiance, soft blue (astaxanthin+rutin) for brightening; customizable. 5. Lightweight feel: “foam ball” test—only 2–4 beads adhered; non-tacky..

Open Mirror Palette

Product description

A smooth slide effortlessly reveals whichever product you need most during your day—eyeshadow, highlighter, blush, or lip—ready for quick touch-ups. The cover lifts the mirror separately from the product and unveils a hidden brush, ensuring the mirror stays clean and allowing one-handed use anywhere. Smart, sleek, and multifunctional, this design transforms makeup into a seamless, one-hand experience. More than packaging, it's a statement of innovation and modern beauty on the go. Available in 1-pan (4.5 g) or 2-pan (9 g) formats, crafted from durable ABS and premium aluminum, combining elegance, durability, and convenience.

Claims & Benefits

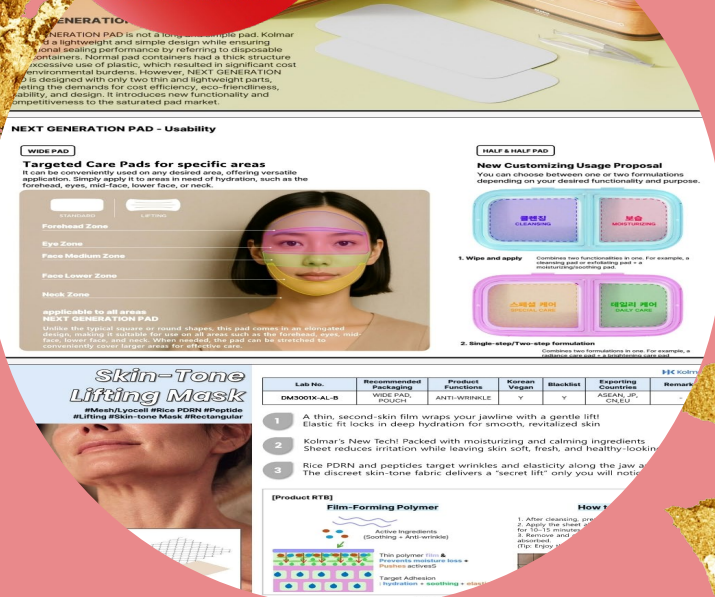

Effortless on-the-go beauty: Compact opens and closes with one hand, letting users refresh makeup anywhere—no bag or pause needed. Clean mirror, every time: Slide system keeps the mirror separate from powders and creams, so it's always — no wiping required. All-in-one kit: Built-in brush means no extra tools—everything you need is in one convenient compact. Socially shareable & customizable: Wearable design draws attention, perfect for social media, limited editions, and expressing individuality. Personalized routine: 1-pan (4.5 g) or 2-pan (9 g) models; compatible with powders, blush, highlighter, or creams to mix and match.

Ausmetics Agarose Waterless
Cleansing Pearls

Product description

Agarose Waterless Cleansing Pearls were born from the idea: “sourced from nature, used on the body, returned to nature.” We explored waterless formats, ran quick concept tests with travelers and zero-waste consumers, and landed on agarose for precise, single-dose use and full biodegradability. The name highlights the core material and ritual: add water, the pearl dissolves, impurities wash away. Our triple natural-surfactant blend (camellia seed, soapberry, glycolipid biosurfactants) cleanses effectively yet gently, reducing reliance on petro-surfactants.

Claims & Benefits

1. Effective daily cleansing; rinses clean

with no tightness 2. Gentle, low-irritation surfactant system; skin-barrier friendly 3. Waterless, plastic-free format; reduces transport weight/volume 4. Single-dose control; hygienic, mess-free, travel-ready 5. Home-compostable pearls; zero microplastics 6. Naturally derived surfactants: camellia seed, soapberry, glycolipids.
