VITALITY Exfoliating Shampoo

Beaute Mediterranea / DSD de Luxe

VITALITY Exfoliating Shampoo

Product description

Hair ages six times faster than skin. That's why Vitality was designed to address hair longevity by focusing on the scalp. We developed a physical exfoliant to remove dead cells and enhance active ingredient penetration. The formula features plant-derived turmeric exosomes containing DNA/RNA fragments, curcumin, and the peptide to rebalance the microbiome, plus vegan keratin to fortify hair fibers. This biotechnology-driven synergy helps preserve scalp and hair vitality in a timeless way.

Claims & Benefits

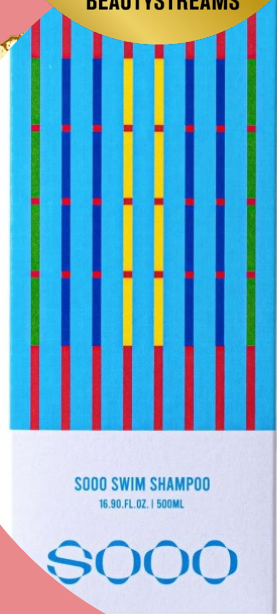

Step 1 in your anti-aging hair ritual, VITALITY Exfoliating Shampoo combines regenerative turmeric exosomes (billions per milliliter) and peptides with gentle surfactants to cleanse and care for scalp and hair. Natural peach exfoliating granules remove impurities, dead cells, and excess sebum while preserving fiber integrity. Deeply hydrates, fortifies strands, and protects against visible signs of hair aging. Promotes fuller, stronger, more radiant hair and a balanced, healthy scalp. Vegan, sulfate-free, and silicone-free formula. Suitable for all hair types, especially those seeking to rejuvenate texture and preserve hair longevity over time.

SOOO Swim Shampoo 50ml

Product description

SOOO Shampoo was developed to address an unmet need in swim care: effective removal of chlorine that damages hair and scalp. Unlike conventional shampoos, it applies patented Zeodualite™ technology, proven to neutralize over 96% of residual chlorine while protecting scalp and cuticles. The formula combines safe EWG Green ingredients with amino acid-based surfactants, ensuring high performance with low irritation. Designed through consumer insight and concept testing, SOOO delivers both clinical efficacy and clean beauty standards. Recently highlighted in international programs, it reflects innovation with clear commercial potential in the growing global swim care category.

Hair Products

Winner

Claims & Benefits

SOOO Shampoo delivers clinically proven chlorine removal, eliminating over 96% of residual chlorine after swimming. Powered by patented Zeodualite™ technology, it detoxifies hair and scalp while preventing dryness, cuticle damage, and irritation. The formula uses safe EWG Green ingredients and amino acid-based surfactants to ensure effective yet gentle cleansing. Enriched with naturally derived oils, keratin, and polyquaternium, it restores softness, shine, and manageability. Dermatologically tested, it offers swimmers a unique combination of advanced detox performance and clean beauty safety, making it the optimal solution for maintaining healthy hair and scalp after exposure to chlorinated water.

Lilai View - 1:1 Scalp Solution

Product description

‘Lilai View’ is an innovative B2C diagnostic device that makes professional scalp analysis accessible at home. Powered by AISG technology, it uses AI algorithms to diagnose 7 scalp symptoms and 10 scalp types with clinical precision. AISG’s reliability was clinically validated through a four-week trial with 100 patients at ‘Bundang Seoul National University Hospital’ and recognized globally with the ‘CES Innovation Award’ (2023), ‘Cosmoprof Asia Award’ (2024), and ‘Cosmoprof Bologna Award’ (2025). Combining AI-powered diagnostics with home-care convenience, ‘Lilai View’ empowers consumers to monitor scalp health and receive personalized care with accuracy, convenience, and intelligent insights.

Claims & Benefits

‘Lilai View’ empowers consumers with professional-grade scalp diagnostics at home, reducing the need for costly clinic and salon visits. It is equally suitable for medical and professional settings, ensuring reliable results across environments. Backed by 23 years of expertise and over 100,000 scalp datasets, the device is powered by AISG technology, which analyzes 10 scalp types and 7 key conditions with precision. With just six photos, it generates over two million personalized shampoo formulations in under 10 minutes. Clinically validated with 93% satisfaction, ‘Lilai View’ enables users to track scalp health, save costs, and experience effective, customized care.

Pluna

Product description

PLUNA has established itself as a unique technology-driven brand by reinterpreting plasma technology as a beauty device, traditionally confined to the medical and clinical realm. Its technological approach to addressing consumer needs for "promoted absorption + safe, hypoallergenic care," its mode-centric design, and its strategy of using nano-gold gel in combination are key axes that enhance the brand's competitiveness. The sophisticated, minimal design, with its curves and smooth lines, creates an emotional image, embodying the brand's philosophy of connecting plasma, the softness of moonlight, and the image of nature that PLUNA pursues.

Claims & Benefits

Pluna operates under 27 celcius degree and provides safe environment featuring 4 benefits
1 Sterilization to kill baterias and germs
2 Promotion of skin absorption of cosmetic ingredients
3 Skin Regeneration that induce cell proliferation
4 Anti inflammatory effect that reduce the expression of inflamation and through low temperature of 27 celcius it control the ozone and Nitrogen oxides by 0 1 of FDA standard
By using our gold nano gel that can booster above mentioned main effects
It is best choice for not only those who suffer from skin trouble but also elder generation who seeks various effect without.

Meno-Free Comfort Body Night Lotion

Product description

Born from interviews with peri menopausal and menopausal women, Meno-Free Comfort Night Body Cream was conceived as a nightly “cocoon” to ease hot-lash discomfort, restless sleep, dryness, and sensitivity. We prototyped multiple textures and aromas, testing with therapist/consumer panels for glide absorption comfort and nighttime sensorial calm. Wild Yam and Neurophroline™ anchor the formula to soothe stress responses, while ceramide supporting lipids and humectants replenish barrier moisture. The name “Comfort Night” scored highest for clarity and reassurance. Vegan allergen transparent, it meets a clear need for restorative body care tailored for menopausal discomfort.

Claims & Benefits

Moisturises deeply overnight; replenishes dry, itchy skin Supports barrier repair for a smoother, more supple feel Helps soothe visible redness and sensitivity Softens the look of crepiness and uneven texture Leaves skin velvety, non-greasy and comforted Wild Yam extract supports comfort during the menopausal transition Neurophroline™ helps reduce the appearance of stress-related dullness Encourages a calm, night-time self-care ritual Dermatologist-reviewed; vegan and microplastic-free Suitable for sensitive, peri- and post-menopausal skin

EXOCOBIO.INC
Asceplus® Exomist-w

Personal Care & Body Care Products | Finalist

ExoCoBio.Inc

Asceplus® Exomist-w

Product description

EXOMIST-W was created to expand the exosome innovation platform into the realm of feminine wellness. Consumer research revealed that women increasingly seek safe, portable, and water-free intimate care solutions that can be used daily and on-the-go. To meet this demand, the development team employed Lyophilization technology to stabilize Rose Exosomes, ensuring maximum potency in a mist format. Concept validation confirmed high demand for a leave-in product that provides hydration, soothing, and protection without rinsing. The name highlights its exosome foundation (“EXOMIST”) and its dedication to women’s intimate health (W).

Claims & Benefits

EXOMIST-W has been clinically validated to improve hydration by 150% immediately after application while providing instant soothing for irritation in intimate areas. The formula forms a protective barrier to support skin comfort, and its ergonomic 360° spray design allows easy, mess-free application at any angle. As a leave-in, no-rinse mist, it offers ultimate convenience and can be used discreetly anytime, anywhere. Its gentle rose fragrance has been dermatologically tested for safety on sensitive skin, while the stabilized Rose Exosome technology ensures long-term care and balance for intimate health.

INO PRO

Advanced Whitening Strips

Personal Care & Body Care Products

Finalist

InoPro

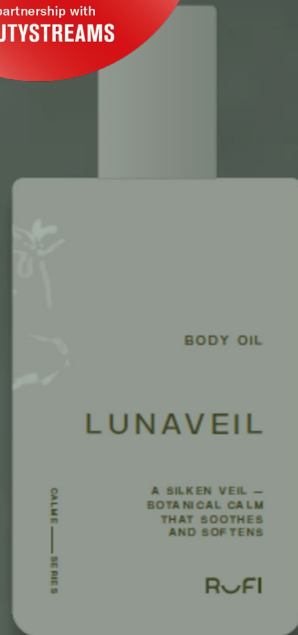

Advanced Whitening Strips

Product description

InoPro was born from the idea of achieving professional whitening without sensitivity. Concept testing revealed a strong consumer need for natural, effective solutions. The name "InoPro" combines innovation and professionalism. The development focused on harnessing natural enzymes (papain, bromelain) to break down stains, a safe alternative to peroxide. This direct response to market demand for gentle, vegan, and bioavailable oral care has set a new industry standard.

Claims & Benefits

Peroxide-Free & 100% Gentle: Safe for sensitive teeth, no irritation. **Instant Visible Results:** Noticeable whitening after just one 10-minute treatment. **Deep Stain Removal:** Effectively breaks down protein-based stains from coffee, tea, wine. **Powered by Natural Enzymes:** Uses papain (papaya) and bromelain (pineapple) for a natural whitening action. **Nourishing Ingredients:** Formulated with coconut oil, sea salt, and lemon peel oil. **Vegan & Ethical:** Developed without animal-derived ingredients. **Third-Party Tested:** For efficacy and safety assurance.

SAGE PHARMACEUTICALS, INC.

PIAS-122™ Spray

Personal Care & Body Care Products | Finalist

Rufi Home Pty Ltd Body Oil “LUNEVEIL”

Product description

Rufi Body Essence Oil “LUNEVEIL” was born from RUFi’s mission to merge skin nourishment with emotional balance. Developed as a dual-phase body essence oil, it combines nutrient-rich botanicals such as prickly pear, broccoli seed, and grape seed oils with the soothing power of aloe vera and Immunight™, a next-generation calming active. The name “LUNEVEIL” reflects a protective veil of moonlit calm. Concept testing showed strong appeal for its sensorial ritual—shaking to activate full performance. Scheduled for global debut at Cosmoprof Asia 2025, LUNEVEIL showcases RUFi’s innovation in holistic, wellness-driven body care.

Claims & Benefits

LUNEVEIL delivers deep yet lightweight nourishment through grape seed, prickly pear, and broccoli seed oils. Aloe vera extract soothes and hydrates, while Immunight™ helps reduce stress and support restful balance. Vitamin E offers antioxidant defense, and glycerin boosts hydration. Its bi-phase formula absorbs quickly, leaving skin silky, luminous, and comforted—never greasy. With regular use, LUNEVEIL helps restore barrier resilience, smooth texture, and calm the senses. More than skincare, it transforms daily body care into a mindful wellbeing ritual.

LHOQ Watery Serum Mist

Product description

Experience the future of skincare with Watery Serum Mist, a revolutionary fusion of toner, serum, and oil powered by SFNE technology — a surfactant-free system that blends water and oil for maximum efficacy. Infused with Tremella polysaccharides, Glyceryl Glucoside, indigo leaf/stem extract, and brightening botanicals, it replenishes moisture, boosts elasticity, strengthens the skin barrier, and visibly reduces dullness. With 100% natural ingredients and 80.2% organic content, this lightweight mist can be applied even over makeup, instantly revitalizing tired skin and revealing a plump, glowing, and luminous complexion.

Claims & Benefits

Watery Serum Mist delivers deep hydration, brightening, and skin barrier support in one lightweight spray. Powered by SFNE technology, it fuses toner, serum, and oil without surfactants, ensuring highly bioavailable active delivery. Tremella polysaccharides lock in moisture, Glyceryl Glucoside enhances hydration, and indigo leaf/stem extract soothes and revitalizes. The mist refines skin texture, boosts elasticity, and promotes a more luminous, even complexion. Usable over makeup, it instantly refreshes and nourishes dull skin. With 100% natural ingredients and 80.2% organic content, it offers clean, effective care for radiant, resilient skin.

Finalist

eekoloks® Haircare Australia

Crown Control Dry Shampoo

Product description

eekoloks® Crown Control Dry Shampoo was developed to fill a gap in children's haircare a gentle effective dry shampoo designed specifically for young sensitive scalps. The idea originated from parent feedback and market research highlighting the need for a natural water free solution for busy families Through iterative concept testing with parents and stylists the team created a 97% naturally derived powder based formula that absorbs oil, refreshes hair without residue or irritation. The playful name "Crown Control" celebrates kids' individuality and confidence. In the past 12 months eekoloks® was honored with a Clean Conscious Award for children's haircare innovation.

Claims & Benefits

eekoloks® Crown Control Dry Shampoo delivers instant, waterless freshness for children's hair using 97% naturally derived, certified organic ingredients. The gentle, non-aerosol powder formula absorbs excess oil and eliminates odours without leaving residue or build-up, making it ideal for sensitive scalps. Free from parabens, sulphates, phthalates, and harsh chemicals, it soothes and protects delicate skin while maintaining hair's natural softness. Easy to apply and mess-free, Crown Control is perfect for busy families, travel, or between washes. Suitable for all hair types, it offers peace of mind for parents seeking safe, effective, and natural haircare for their kids.

PDRN Slow Aging Hydrogel Mask

Product description

Tomato NMN 5 PDRN Red Collagen Hydrogel Mask blends NMN, NAD, plant-based PDRN, ultra-low molecular collagen, peptides, hyaluronic acid, tomato extract, KIKIGLOW's patented ingredient for deep hydration, regeneration, brightening, firmness, and slow-aging benefits. Its rich opaque red gel turns translucent as it absorbs, creating a fun color-changing effect. Part of a five-color mask collection, it's ideal for social media sharing. With 34g of gel, it adheres perfectly without slipping, leaving skin glassy and radiant. Certified 100% vegan (Eve Vega) and cruelty-free (PETA), it also features eco-friendly packaging with recycled paper & soy ink.

Claims & Benefits

Tomato NMN 5 PDRN Red Collagen Hydrogel Mask delivers intense hydration skin regeneration and powerful anti aging benefits. Featuring globally trending NMN and NAD, it supports cellular energy and DNA repair while plant-based PDRN promotes cell recovery and collagen synthesis. Ultra-low molecular collagen and peptides enhance firmness and renewal, and hyaluronic acid provides lasting moisture. Korean tomato extract brightens and soothes to reduce irritation and dark spots. Enriched with KIKIGLOW's exclusive patented complex, it ensures proven efficacy and originality. Its innovative color-changing hydrogel visibly signals absorption of active ingredients, creating a high performance next level skincare.

Revivre Italia SpA

Dermapulse F2 & F5

Product description

The constant pursuit of beauty is deeply embedded in the Italian DNA. For over 50 years, Revivre has been driven by innovation, cutting-edge solutions, and outstanding performance. This dedication has kept the brand at the forefront of the industry. Nature, with its endless beauty, is an infinite source of inspiration for Revivre's laboratories. It plays a key role in the development of both professional treatments and home care products, ensuring that every formula is as effective, natural, and high-performing as possible.

Claims & Benefits

Dermapulse delivers a revolutionary “liquid bio-microneedling” treatment powered by natural freshwater sponge spicules combined with multi-molecular Hyaluronic Acid. The spicules create thousands of temporary micro-channels in the skin, enhancing penetration and efficacy of active ingredients for up to 72 hours. This dual mechanical and biochemical action boosts hydration, elasticity, and skin renewal while reducing the need for invasive devices. With two adjustable formulas (F2 for sensitive skin, F5 for resistant skin), professionals can tailor intensity for each client. Results are faster, safer, and visibly superior—making every professional facial treatment more effective and satisfying.
