B.Kolormakeup & Skincare S.P.A.
Sb Benefit Corporation
Uniformer Exfoliating Mousse Mask

Product description

The desire to find a functional product that removes the residues of self-tanner or uneven tan. A starting point that saw the birth of a multitasking product that can be used on face and body with a gentle exfoliating action suitable for everyone. A texture that revolutionizes the structure of cosmetic masks for uniform, bright and smooth skin.

Claims & Benefits

A product with multiple uses depending on the area of usage for body: elasticizes and softens skin in drier areas; fights keratosis pilaris

and removes uneven tanning. For face: fights obstructive pores and controls sebum production by counteracting the accumulation of skin cells that are dead.

The Way (YOU) Make Up My Skin

Product description

The Way You Make (UP) My Skin is a universal hybrid product because it contains microencapsulated pigments which even out the complexion of any skin type, acting as well as a versatile texture thanks to its active ingredients which perform antiaging, anti-inflammatory, antipollution, moisturizing and hydrating properties. The bubbling thermal water present in both colour versions make it a perfect “Every Season” texture: a fresh and light primer to moisturize your skin and face the hot summer days and a perfect ally to protect and hydrate your skin during the cold winter.

Claims & Benefits

Don't let yourself be confused by its external appearance, BLUE & PURPLE that remind us of relax and calm: you will obtain a natural and healthy look with just a few strokes thanks to the microencapsulated pigments that even out the complexion of any skin type, smoothing out redness and moles. The extraordinary feeling as if it were made with silicones will leave you speechless! Actually, it is a silicon free formula, made with more than 95% of natural origin ingredients. Not only will you feel its smoothness on your fingers, but you will also go crazy for its pleasant scent.

Natural Glow Face Oil SPF 40+

Product description

Natural Glow Face Oil SPF 40+ is an air-weight, low-viscosity serum that blurs fine lines while delivering a luxurious veil of protection in a water-free oil format. Award-winning and patented Klear™ technology delivers uniquely transparent, broad-spectrum, mineral-based sun protection, while Bloom™ adds to this claim set with blue light protection.

Claims & Benefits

Natural Glow Face Oil SPF 40+ is an air-weight, water-free serum that benefits from two technologies to deliver a luxurious veil of protection. Patented Klear™ provides non-nano,

mineral-based, broad-spectrum SPF 40+ sunscreen (protecting lips from over 97% of UV radiation), prevents premature skin aging and the appearance of fine lines and wrinkles, and reduces pollution-induced free radicals. Bloom™ works synergistically with Klear™ and blocks more than 43% of HEV light while providing a subtle tint. Line blurring delivers an instant anti-aging effect, while >10% sustainably produced squalane provides anti-aging benefits and moisturization.

FusionPKG

Airless-One™ Mono-Material Pump
Engine Technology

Product description

Our Airless-One™ 100% polyolefin pump engine has been recognized by the APR (Association of Plastic Recyclers) with Meets Preferred Guidance standards as a preferred choice in the APR Design Recognition Program for Plastics Recyclability. Designed to integrate into a variety of package types (single-wall & double-wall airless bottles including glass designs and airless tubes), we are revolutionizing our entire product portfolio to integrate our new Airless-One™ pump engine technology into our existing high-quality polypropylene packages, creating fully mono-material

solutions.

Claims & Benefits

With FusionPKG's Airless-One™ mono-material pump engine technology, brands can achieve high-performance mono-material, recycle-ready packaging now available in a range of airless options. Alongside our Airless-One™ mono-material pump engine technology, we are placing emphasis on polypropylene in our dispensing offering to provide 100% PCR possibilities and increase recycling compatibility, ultimately contributing to the advancement of recycling markets.

2023 Finalist

Taeyang Renew Inc.
Airtight Slider Mascara

Product description

Airtight Slider Mascara stands out from the rest, starting with its unique application method. First, unscrew the cap. Then, the applicator where a precise amount of liquid is coated softly pops up from the body for direct application to your eyelashes. If you desire a more amount of liquid, simply push the applicator into the inner body using the cap. This design ensures a consistently smooth and fresh mascara experience, preventing the inconvenience of mascara powders falling onto your face. Moreover, it is crafted from eco-friendly Polyketone plastic, known for reducing carbon monoxide, the primary contributor to air pollution.

Claims & Benefits

Airtight Slider Mascara is engineered to maintain an airtight seal, ensuring that the liquid inside remains protected from air exposure throughout its usage. This design guarantees that users can enjoy the mascara in its pristine condition, allowing for a consistently smooth application until the very last drop. Furthermore, the applicator of the mascara is designed to remain separate from the liquid inside, effectively preserving the impeccable quality of the product and ensuring that users can consistently enjoy the mascara as if it were new product, maintaining its freshness and optimal performance with every use.
